8 In para 10 of S.O. dated 16.1.924 the S.I. of Police was requested to post strong constables for the temporary marching camps in the malnad. What the Director wants is the deputation of 18 constables for watching the paddy straw at the collecting and receiving stations. The two items seem to be different. Sir,

I have the honour to enclose herewith copies of letters which have passed between the Inspector General of Police and myself as regards supply of policemen to guard fodder supplies in connection with our fodder campaign.

Sir,

Letter No.Roc.973-nc.302-53 of 23-24 dated 3-1-1924 to the Inspector General of Police in Mysore from this office.

***

In connection with the present serious fodder scarcity arrangements are being made by this Department to purchase large quantities of paddy straw in the channel areas and to transport this fodder to Yesvantpur and Goribidanur, from whence it can be carted by the ryots of the affected villages.

The fodder will be collected at, and shipped from, the following Stations:- Yedatore, Nanjangud, Mysore, Seringapatam and French Rocks.

It will be absolutely necessary to have police protection for this fodder and I have the honor to request you to let me know if you will be able to place two men on special duty (one for day and one for night) at each of the collecting stations and four men at each of the receiving stations where very large stocks will accumulate. This contemplates the placing of 18 men on this special duty. I shall be greatly obliged if you can see your way to sparing men for this important work. The men at the collecting stations will probably be required for two months, those at the receiving station for 4 months.
